Calling Local Businesses and Organisations

Can you help with our Careers Exhibition?

Last year the school ran its annual careers exhibition attended by all Year 10 students. The event was overwhelmingly positive with students able to interact with 34 different exhibitors and employers gaining valuable exposure to over 450 potential employees.

To build on last year's success the school needs your help.

If you are involved in a business or organisation and you would like to help engage our fantastic students in the world of work and support the school in something completely different from the normal school day, your participation would be greatly appreciated.

The date is Wednesday 26th June 9-30 – 1.00
